

United States of America  
Department of Transportation—Federal Aviation Administration  
**Supplemental Type Certificate**

Number SA00729SE

This certificate, issued to J. P. Instruments  
P.O. Box 7033  
Huntington Beach, CA 92646

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 21 of the Regulations.

Original Product—Type Certificate Number: \*See attached FAA Approved Model List (AML)  
Make: No. SA00729SE for a list of approved airplane  
Model: models and applicable airworthiness regulations.

Description of the Type Design Change: Installation of twin temperature indicating system with fuel flow in accordance with J.P. Instruments (JPI) Installation manual Report No. 760, Revision -, dated 7/20/99, or later FAA approved revision.

Limitations and Conditions: Approval of this change in type design applies to the aircraft models listed on the AML only. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this certificate, Airplane Flight Manual Supplement No. 760-1 dated August 31, 1999, or later FAA approved revision, and FAA Approved Model List (AML) No. SA00729SE must be maintained as part of the permanent records for the modified aircraft.

Cylinder head, oil, turbine inlet and/or exhaust gas temperature, fuel flow equipment, tachometer instruments, and manifold pressure instruments required by the original type design, or if required by other FAA approval, must remain installed.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 18, 1999

Date reissued:

Date of issuance: August 31, 1999

Date amended:
